

Made by Mosaic

Mosaic, an industry leader in specialty linens for over two decades, is excited to introduce Made by Mosaic. This new division merges Mosaic's decades of experience contributing to the success of countless celebrations with the owner's creativity and passion for color and design. Susie Perelman, supported by her team of creatives, has designed never-been-seen-before fabrics in stunning colorways that are new to the market and available exclusively through Mosaic. They are available throughout the USA as tablecloths, runners, napkins and other fabric décor elements. To further enhance event design, many of these original patterns are also available as plates. When curated and brought to life, events utilizing Made by Mosaic collections will stand out and provide unparalleled décor design.

blue peacock

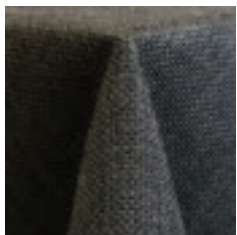

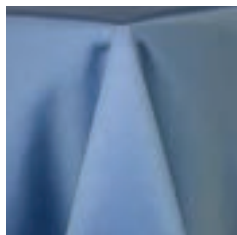

This geometric print is both elegant in shape and sophisticated in design. Concentric bands of color create a repetitive pattern that is calming to the eye and exciting to the senses. Perfect for decor both modern and romantic, Peacock can dress up a ballroom, a tent, or an intimate dining space with its detail and grace. Peacock comes in two colorways.

blue tiles

This original design was created with a series of tiles that has reference from around the world. Mediterranean vibes meet Moroccan style in a striking combination that is light and airy. This two-toned pattern will make a big impact on events aiming to create a variety of atmospheres, ranging from European countryside to Coastal New England. Blue Tiles is currently available in one colorway.

olive ginkgo

This fun foliage design pays homage to nature. The hand drawn Ginkgo leaves dance across the fabric to create both energy and a sense of calm. With life focused on concern for environment and desire to connect with green spaces, this design will pair well with any greenery, as well as rustic decor components. Ginkgo easily springs to life both monochromatically as well as with pops of color to contrast the fabric. Ginkgo comes in three colorways.

blue and me

This fun design was created originally as a painting by a Pittsburgh based artist. Transferring the image onto fabric provided an opportunity for this incredible multi-colored artwork to jump off the canvas into the world of events. This fabric pairs with any of the colors within the art to provide a blank slate for interpretation. Blue and Me is available in one colorway on *lamour* and *panama*.
